EMPLOYMENT HISTORY

Year Of Exprience	1

Background	I am writing to express my strong interest in the opportunity to work with your team. I am from Nicaragua, and I am eager to leave my country in search of new opportunities that will allow me to improve my life and contribute to the success of your company I studied Chemical Engineering at the National University of Engineering for three semesters, where I gained a solid foundation in problem-solving and analytical thinking. In addition to my academic background, I have hands-on experience in customer service, having worked for four years at a store selling basic goods. I also had the privilege of working with my mother at her nursery for a year, where I learned how to plant, transplant, and fertilize plants. This experience not only honed my practical skills but also gave me a deeper appreciation for the agricultural sector. Alongside my work in customer service and at the nursery, I have been tutoring primary and secondary school students in chemistry and math, which has helped me develop strong communication and teaching skills. I am fully available to work and committed to putting my best effort into any task at hand. I would be extremely grateful for the opportunity to work with you and gain new experiences that will help me grow both professionally and personally. However, I do require visa sponsorship to make this opportunity possible. Thank you for considering my application. I look forward to the possibility of contributing to your team and learning from the experiences that lie ahead. I have learned English on my own by watching various YouTube videos, I never took a course to learn, but I will probably have to do so to close some gaps that I consider I have in terms of language skills. I am very organized and I care about details, I have the ability to communicate clearly and effectively. . In short, I am reliable, adaptable, and always ready to go the extra mile to help you.
